

Responsible Visitor Charter

Here are a number of ways you can help us achieve our environmental goals:

Conserve energy

- ü Switch off lights and electrical appliances in your room
- ü Utilise our towel recycling scheme, details available in your room
- ü Keep windows closed when central heating is in use
- ü Bed linens are serviced every day, for extended stays linen will be changed every third day

Reduce reuse recycle

- ü Reduce the landfill and use the recycle bins in Reception
- ü Re use the plastic laundry bag in your room
- ü Recycle your plastic shopping bags and packaging, please leave these items beside the waste bin in your room and we shall recycle on your behalf

Conserve water

- ü Turn the tap off when you brush your teeth
- ü Have a shower rather than a bath

Leave your car at the hotel

- ü Parking in Edinburgh can be very difficult and Edinburgh has one of the best public transport infrastructures in the UK. Adjacent to the hotel there Lothian Buses depart every few minutes that will take you all over the city
- ü We have researched a number of walking and cycle routes locally and further afield, these are in our green folders at Reception

Purchase green

- ü If you are intending to buy food gifts to take home, there are a number of excellent local producers and farmers markets, please ask Reception for more details

Feedback

- ü Let us know how we are doing. We would be delighted to know if you have any ideas or suggestions of how we can improve our "green" efforts. Please use the comment card in your bedroom or contact Reception and ask to speak with a member of the Green Team

Bag it and bin it

- ü Please avoid flushing any sanitary waste in to our toilets; sanitary bags are provided for your use
